

Currently Indiana has a very effective "No Call" law. Since it was started my phone doesn't ring anymore. It has been reported that the federal government is planning on passing their own "No Call" law that will NOT be as strong as what Indiana has. Leave Indiana's law as it stands or make sure the federal governments law is as strong as Indiana's law. When we say it works, trust us. The phone doesn't ring anymore with unwanted calls.
